The Pennsylvania Envirothon has been educating the Commonwealth's youth on the importance of our natural resources and environment for over twenty years, helping students to learn more about Aquatic Ecology, Forestry, Soil & Land Use, Wildlife, and Current Environmental Issues.

"I look forward to volunteering at this year's Envirothon," said Maiden. "With Pennsylvania set to host the national Canon Envirothon in 2012, it's more important than ever to get involved."
