

RESOURCE CONSERVATIONIST 1
LANCASTER COUNTY CONSERVATION DISTRICT

The Lancaster County Conservation District has a vacancy for a Resource Conservationist 1 within its E&S Control Department. A person in this position will have an array of technical duties related to administration of the Chapter 102 / 105 programs. Job responsibilities include, but are not limited to: reviewing E&S Control / PCSM plans, processing programmatic permits, conducting project site inspections, investigating delegated complaints, writing inspection reports, and effectively communicating with the public, permittees, plan designers, and cooperating agencies. The ability to interpret surveys, maps, and plan drawings is required, and display competency in the application of basic algebra and geometry.

Minimum Qualifications:

- Bachelor's Degree in environmental science, or a related field
- Valid driver's license, and personal vehicle
- Ability to traverse rough terrain

Salary & Benefits: \$38,000 - \$42,000, Commensurate with experience. Both a \$2,400 signing bonus and excellent benefits package, including healthcare for a family, are included.

Required Application Information:

- District Application (available at www.lancasterconservation.org)
- Cover Letter
- Resume
- Official College Transcript
- Three (3) professional references (not relatives and / or previous employers)

Qualified candidates interested in this vacancy need to submit the required application information via email by the close of business on August 06, 2021 to the HR Department:
