

## **2021 Version--:30 Conservation Tips PSA**

Every day, Pennsylvania's sixty-six conservation districts work to prevent pollution in Pennsylvania. But we can't do this alone.

By taking a few simple steps, we can all make a difference to stop pollution from entering streams and lakes. Conservation can start at home!

- Properly maintain your car to prevent leaks;
- Recycle used motor oil; and
- Use a commercial car wash instead washing cars on your driveway.
