

CPESC Review Course – Harrisburg, PA

The Pennsylvania Association of Conservation Districts (PACD) is co-hosting a **Certified Professional in Erosion and Sediment Control (CPESC) Review Course**.

The CPESC certification is a professional designation for erosion and sedimentation technicians, engineers, and other specialists involved in design, construction, inspection or other aspects of erosion and sedimentation control.

The review course will ensure CPESC applicants understand which concepts will be covered by the exam and acts as a review for most of those concepts. Applicants for the exam should have a sufficient combination of education and experience to be able to independently study the materials identified in the General Principles Review Manual.

Certification

- Application:** To become certified you must apply, be approved, and take and pass the exam. You can apply online at <https://envirocertintl.useclarus.com/> . Detailed instructions to apply can be found here <http://www.envirocertintl.org/wp-content/uploads/How-To-Apply.pdf> . The application fee (\$325.00) covers the review of the application and a free copy of the digital manual.
- Manual:** A digital manual is given for free when you apply or can be ordered separately on our web store here <http://www.envirocertintl.org/store/> . Please note the digital manual can be printed and both digital and hard copies are available in the webstore.
- Review & Exam:** Review courses and exams are now available online and On-Demand via a Prometric bundle. The bundle includes 90-day access to the On-Demand General Principles Review, and the Certification Exam for the price of the exam only. To begin the process of purchasing the bundle submit a request by filling out the form found here [http://www.123formbuilder.com/form-1479750/Prometric Testing Request](http://www.123formbuilder.com/form-1479750/Prometric%20Testing%20Request). You will receive an email with instructions once your information has been entered into the system. Please note you must have an approved application before taking the exam.
- Directions:** Step by step directions to apply can be found under the “How To” tab on our website here [How To](#). You can find detailed information about each of the five (5) ECI professional certifications and Certificate of Training on our web site Envirocert.org. Hover over certifications and choose the certification of interest. Certification details, requirements, and a scope of practice can be found there.
- Questions:** Contact Holly Miller at hmiller@pacd.org or call 717-794-6105
