Subject: Job Announcement

Are you looking for a challenge? Want to make a difference? Check out this career opportunity to help conserve our soils and improve our water quality while working in a fast-paced environment. Position offers indoor and outdoor work and includes excellent benefits.

The Franklin County Conservation District (FCCD) is seeking qualified applicants for the position of **Ag Conservation Technician**.

Qualified applicants will have a strong agricultural background with a good working knowledge of crops, soils, nutrients, animal husbandry, hydrology, land use and geography.

A Bachelor Degree in Agronomy, Agriculture, Natural Sciences, Environmental Science or related subject is required. Act 38 Certification is preferred. An equivalent of education, training and experience combination may qualify at the discretion of the FCCD.

The Ag Conservation Technician will be responsible for providing direct technical assistance and services to Franklin County farmers. Duties include the administration of PA's Nutrient Management Program (Act 38) and PA's Manure Management Program (Chapter 91) as well as developing Ag Erosion and Sediment Control plans. Technician will also provide design and Best Management Practices implementation oversight and data input to Practice Keeper. This position requires strong verbal and written communication skills, attention to details and a good working knowledge of various computer programs. Applicant must be self-motivated, able to work independently, and have excellent organizational skills.
