

2021 Version--:30 Conservation Tips PSA

Every day, Pennsylvania's sixty-six conservation districts work to prevent pollution in Pennsylvania. But we can't do this alone.

By taking a few simple steps, we can all make a difference in our community. Conservation can start in your yard!

Don't mow to the edge of a stream or lake because:

- Letting plants grow helps prevent pollution, flooding, and erosion.

For more information about conservation projects in your community, visit [P A C D dot Org](http://PACD.org). [83 words]
