

WE'RE HIRING

ACAP Coordinator

Join an awesome team of conservation professionals and make a difference for our environment, farmers, and community.

Job Highlights

This is a new, full-time, temporary position with secured funding for 4 years. The ACAP Coordinator will have an opportunity to make a tremendous and positive impact on agriculture in Indiana County. ACAP stands for Agriculture Conservation Assistance Program. The candidate will provide technical assistance, education, and outreach to farmers, contract and oversee the installation of agriculture best management practices (BMPs) to reduce soil erosion and improve water quality, and foster collaborative relationships with agency partners.

Minimum Qualifications

Successful candidates will possess an Associates Degree in agriculture or related field, have experience in managing agriculture projects, have knowledge of soil and water conservation issues including ag BMPs, and be able to work independently with minimal supervision.

Job Compensation

This position starts at \$37,000 and is commensurate with experience. The District offers an exceptional benefits package including annual, sick, and holiday leave; health, dental, vision, and life insurances with no employee match and an HSA contribution; retirement contributions; parental leave; flexible scheduling; and tuition reimbursement.
