

INDIANA COUNTY  
CONSERVATION DISTRICT

# WE'RE HIRING

## Conservation Program Specialist (Watersheds Focus)

Do you love spending time outdoors? Join our awesome team of conservation professionals in a position that enables you to be outdoors and do what you love every day while improving our environment and communities.

## Job Highlights

The Conservation Program Specialist is a full time position that has a primary focus on watershed restoration projects. This is an exciting career with a lot of opportunity for creativity. The selected candidate will oversee and implement a variety of water resource conservation projects and organize and carryout environmental education programs. They will network with and provide direct support to our numerous watershed organizations and partners. In addition to project management, this position will require grant writing, management, and administration.

## Minimum Qualifications

Successful candidates will possess an Associates Degree in environmental science or related field, have experience in managing conservation projects, have knowledge of water resource conservation issues, and be able to work independently with minimal supervision.

## Job Compensation

This position starts at \$34,000 and is commensurate with experience. The District offers an exceptional benefits package including annual, sick, and holiday leave; health, dental, vision, and life insurances with no employee match and an HSA contribution; retirement contributions; parental leave; flexible scheduling; and tuition reimbursement.
