PACD will provide PACD program and legislative updates and present the following motion from the PACD Legislative Committee. This motion was made in response to proposed legislation to amend the Clean Streams Law to allow municipalities and administrative agencies of the Commonwealth to require streambank fencing for livestock.

“PACD recognizes the significant environmental benefit of streambank fencing, in a pasture used for grazing, to restrict livestock access to the stream. PACD supports education and incentives for voluntary installation of streambank fencing as opposed to legislation allowing administrative agencies of the Commonwealth and municipalities to require fencing along a stream.”
