WE’RE HIRING

Conservation Program Specialist (Education Focus)

Do you love educating people about conservation and completing great community projects? Are you looking for work-life balance? Apply today to join an awesome organization and team of conservation professionals in a position that enables you to do what you love every day while improving our environment and communities.

Job Highlights

The Conservation Program Specialist is a full time position that has a primary focus on conservation education projects. This is an exciting career with a lot of opportunity for creativity and community impact. The selected candidate will organize and carryout environmental education programs and conservation projects. They will teach kids and adults about conservation and agriculture, instilling an appreciation for nature. In addition to education and project management, this position will require grant writing, grant management, and grant administration.

Minimum Qualifications

Successful candidates will possess an Associates Degree in environmental science or related field, have experience in conservation education, be able to organize events, have excellent writing skills, have knowledge of conservation issues, and be able to work independently with minimal supervision.

Job Compensation

This position starts at $35,000 with an increase to $40,000 upon successful completion of a 6 month probationary period. The District offers an exceptional benefits package including two weeks of vacation time, 13 sick days, 16 paid holidays, and two personal days; health, dental, vision, and life insurances at no cost to the employee and an HSA contribution; up to 10% in retirement contributions; 12 weeks of paid parental leave; flexible scheduling and remote work days; tuition reimbursement; and bonuses.
