

PACD thanks the Governor's office and the General Assembly for their continued support of conservation districts across the Commonwealth.

Pennsylvania's Conservation Districts Help with:

Agriculture

by providing technical assistance to farmers

Stormwater Control

by implementing projects to help prevent flooding

Stream Restoration

by managing property along streams to reduce erosion

Dirt, Gravel, & Low Volume Roads

by improving unpaved and low-volume roads

Education

by providing environmental education programs

- PACD supports our agency partners, including the PA Department of Agriculture, the PA Department of Conservation and Natural Resources, the PA Department of Environmental Protection, and the USDA Natural Resources Conservation Service.
- PACD supports the increase to conservation district funding through the PA Department of Environmental Protection, as outlined in the Governor's budget address. We respectfully request a matching increase through the PA Department of Agriculture.
- PACD appreciates continued funding for the Clean Streams Fund, including the Agricultural Conservation Assistance Program (ACAP).
- PACD supports increasing the Growing Greener grant program's administrative expense limitation to better cover rising administrative expenses.
